POST OFFICE BOX 40888 • SAN FRANCISCO, CALIFORNIA 94140 U.S.A.

AUCTION 35

Closing April 20, 1997, Sunday, 6:00 p.m. USA Pacific Time

Mexico collectors will peruse a list of nearly 300 different colonial, hacienda and border town pieces. Canada expo and celebration items from the 1890s have been described.

Scottish rarities like the Thistle Bank counterstamp and a lead merchant token from the 1790s are featured. German and Luxembourgish beer tokens grace this compilation.

A handful of saloon tokens from America's western states can be found here as well as swastika checks and spinners.

Lot descriptions are of necessity brief and oriented to numismatists. Sizes are in millimeters, although larger paper pieces are often in inches. Tokens are round unless otherwise indicated. Materials are shown as Al, Br, Cop, Ir, Ld, Npl, Zn or Pl(astic). When parentheses are used it means that the information enclosed is not in the token legend or describes some device on the token. H-a-m stands for "hole as-made" to describe pieces pierced at the time of issue, versus those done later.

Catalog numbers are often used to aid description, e.g. (L#101.3) and refer to the most current work on the topic. Listing each reference would be too cumbersome, so please write if you need to know which. Dollar values written simply (\$5) mean a suggested bidding range. An "MB" or "Res." enclosed in parentheses with a dollar value (e.g. (MB\$25)) means a "Reserve" or "Minimum Bid".

Grading is subjective in a series as varied as tokens, especially when they are crudely manufactured. I tend to be conservative and in most cases have reduced items by one grade if there is any question. Comments on my methods of operation are always welcome.

Please remember that a Bidder's Fee of 9% will be added to the sale price.

NEW RULE - AFTER 4:00 pm USA PACIFIC TIME ON CLOSING DAY PHONE BIDDERS MUST RAISE CURRENT BIDS BY AT LEAST 15% IN ORDER TO QUALIFY.

Two new publications are available:

FRENCH BROTHEL TOKENS by Roland Elie. Illustrated, priced, velo bound, 27pp. in French and English \$11.00 postpaid (CA residents add 80c tax).

CATALOG OF PANAMA NUMISMATICS by the Panama Numismatic Assn. Photos, some pricing, 122 glossy pages. Covers coins, paper money, tokens and medals. Devotes 65+ pages to exnumia. In Spanish with translation word list. \$20 postpaid (CA residents add \$1.50 tax).

MAIL BID SALE RULES AND TERMS

1. The sale closes at 6 p.m. USA Pacific Time on the date noted above or until 15 minutes pass with no telephone bids. Lots are sold to the highest bidder. In the event of a tie the lot goes to the earliest bidder. Bids differing by a few cents will be considered a tie.
2. Bids must be in U.S. Dollars. Those under \$3 are respectfully declined.
3. Winning bids will be reduced to a 10% advance over the next highest bid, or the Reserve (Minimum Bid), if any. In the event there is only one bidder, bids will be reduced to the published estimate. In any case the maximum reduction will be 65% of the highest bid. Bids will not be reduced under \$25. In general acceptable bids will be those which are at least 60% of the published estimate. (Also see Page 3 for phone bid rules.)
4. Successful bidders will be billed first or sent winning lots with the bill if they are established customers. Postage, shipping and insurance will be added to invoices where such are appropriate. There will be a minimum charge of \$1 for postage and processing. A Bidder's Fee of 9% or \$1 will be added whichever is higher. California residents must pay 7.5% Sales Tax. Overseas customers must accept responsibility for postal delivery.
5. Prices Realized: please order them when you submit your bids. I will include the cost with your bill, \$1 per copy.
6. Lots may be returned within 10 days of their receipt only if there is a major error in the catalog description of lot sent. Please check the shipments for all errors and keep a copy of the bids you submit. Please pay within 10 days.
7. Lots Made Up of Multiple Pieces: In most cases these consist of items which are very common, badly worn or damaged, issued after 1950, of little collector interest or all of the above. Please bid accordingly. Because of their nature descriptions have to be limited.

Panama rain forest covers the Caña gold mining site. A rusted donkey engine waits almost invisible hidden behind broad green leaves. Even the tailing piles sprout vegetation. The pit operated in the east of Panama close to the border with Colombia and south of a place called La Yaviza. Another mine site called La Marca existed about which nobody knows. According to Prof. Lou Wells the Darien Gold Mining Company Ltd was based in Manchester, England. Its charter was approved in the late 1880s. It closed in 1913.

Panamians list more than a dozen varieties of tokens issued by the firm. They were given to miners, as work was performed and then traded for pay packets. See Lot 693.
